MIT VISION STATEMENT

Become a Center of Excellence in Engineering, Science, and Technology education and R&D, thus enhance the realization of science and technology-led national development.

MIT MISSION STATEMENT

Offer high quality education, undertake advanced R&D programs, and deliver dependable community services in engineering, science, and technology.

MIT GOAL STATEMENT

Produce highly qualified professionals in engineering, science, and technology who can invent and innovate, apply research, and build their own careers, thus contribute towards the development of Ethiopia and the transformation of Ethiopians to a self-reliant and vibrant society.

To whom it may concern,

This recommendation letter is given to **Mr.MIEBALE NIGUS ASEFA**, a graduate student of Mekelle University-Mekelle institut of Technology during 2025 academic year. Had there not been internal conflict in Ethiopia, he could have taken his academic certificate during the academic year of 2023.

In light of this, we request your esteemed Institution to consider this exemption when reviewing application from Mekelle University-Mekelle institute of Technology supposed graduated of 2023 whose academic education has been delayed to the year 2025, because of the COVID-19 and War conflict between Tigrai- Ethiopia.

As per the academic calendar of Mekelle University-Mekelle institute of Technology, he was officially awarded in **B.Sc Computer Science and Engineering** on jun 18, 2025 after taking the exit exam.

Thank you for your attention and understanding on this matter. We genuinely appreciate your anticipated cooperation and consideration.

Sincerely,

በሊቡ ገብረዮሃን ዓይሉ
